Dear Dr. Jones,

Thank you for rebuilding my ACL. I am happy to report that I won both Shot Put and Discus in the 4A State Track Meet in May. In fact, I threw farther in both events than anyone at any classification this year! It was a long rehab, but I am leaving today for Basic Cadet Training at the US Air Force Academy. I will be competing as a Falcon in Track & Field.

Thanks for all you did.

Sincerely,

***Jackson Spalding***
